April 27th, 2022

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Glendora People Movement Project (project).

The entity to receive funding for this project is the City of Glendora, located at 116 E Foothill Boulevard, Glendora, CA, 91741.

The funding would be used for Phase 1 of the People Movement Project. The overall project will see over 10 miles of active transportation facilities built linking Glendora with our neighbors and supporting truly multimodal travel throughout Glendora. Phase 1 includes 3.3 miles of Urban Trails which are fully separated bicycle and walking paths along flood control channels. Phase 1 focuses on completing an extension of the San Dimas Wash and the Little Dalton Wash. Improvements include ADA enhanced crosswalks, Class I facilities, native landscaping, furniture, interpretive signage, and wayfinding. In terms of first/last mile improvements, Glendora is proposing 2.2 miles of improvements along Foothill Boulevard and Glendora Avenue. These improvements include protected bicycle lanes, enhanced crosswalks, curb extensions, a protected intersection at Glendora/Foothill, and a roundabout at Glendora/Ada. These provide direct access to the new Glendora Metro L Line Station.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Judy Chu

Member of Congress
